Dear Yasmin,

Congratulations on being named today's Daily Point of Light. Your acts of generosity and community action exemplify the spirit of service and set a standard of excellence to which people of all ages can aspire.

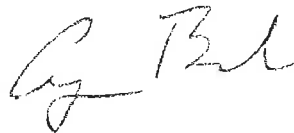

Your dedication to those who are unable to afford glasses by starting a project called Gift of Sight is a remarkable example of the generosity and compassion that helps to better our communities. I commend your work and thank you for being a shining point in the lives of the people of America.

Changes in society, changes in the economy and changes in the family have had costly effects on access to the fundamental resources that individuals need to lead productive lives. Without the support of volunteers like you, the needs of many Americans would go unfulfilled.

In 1989, I utilized the power of the Presidency to call Americans to service and to direct public attention to the value of service in solving serious social problems.

For answering that call, I thank you!

Sincerely,

Miss Yasmin Assar
