To Whom It May Concern:

I am writing this letter of recommendation on behalf of Ms. Yasmin Assar. I have had the pleasure of knowing Yasmin for the past five years. When I was the President of the Georgia Lions Lighthouse Foundation, Inc., Yasmin approached the organization with the idea for a program that she calls "The Gift of Sight." Her goal for the project was to collect five thousand pairs of eyeglasses for distribution to the sight impaired around the world. She has, however, collected in excess of six thousand pairs up to this point, and the collection is still ongoing!

In our society today, it is very heartwarming to be associated with young people that are willing to give of their time and talents to help others. I sometimes think that our youth are only concerned with themselves, and then I think of Yasmin. She is truly dedicated to helping those less fortunate individuals in our world. I know that she would be an outstanding asset to your fine institution of learning.

Please accept my recommendation of Yasmin Assar in the spirit with which it is given; one of deep admiration for her academic and charitable accomplishments, as well as for her dedication to serving others. She is truly a fine example of what young people should be. I recommend her highly.

Sincerely,

Judge Haynes H. Townsend
